Dear Harold,

I just received a quantity of books from my father
the contents of which are self explanatory.

I think of you and your efforts many times and could
not pass up this opportunity to attempt to furnish you
with some reading material which I hope you will enjoy.

If you have some free time please drop me a note and let
me know what is doing with your efforts.

In any event my best wishes to you and your wife for
the holiday season and during the new year.

Regards,

Jack
